SYSTEM

Multipurpose antibacterial polypropylene trolley, modular and customisable to meet every cleaning need
Ideal for high-performance professional cleaning in environments with two different degrees of risk and high contamination risk

GREEN BOX

Eco-friendly: made of polypropylene, stainless, robust and completely recyclable

Advantages

- **Hygienic:** the plastic frames separate the trolley modules avoiding contamination between the washing, storage and waste collection area
- **Touch-free:** touch-free detaching system allows mops to be removed without contact
- **Shock-resistant:** polypropylene, naturally stainless and elastic, guarantees shockproof performance
- **Modular:** components and accessories allow you to customize the trolley for every need, making it easy to update or repair at any time
- **Easy to maintain:** the smooth surfaces and the absence of cavities facilitate cleaning and guarantee a high level of hygiene

Material

Antibacterial polypropylene
